

**DAILY PRACTICE: DAY 20260628 - MONEY, SAVING, ALLOWANCE,
SIMPLE BUDGETING***(Level: Reading A2 - Writing A1)*

Student Name:

Time Allowed: 50 mins

WARM-UP / KHỞI ĐỘNG

Trả lời ngắn gọn các câu hỏi sau bằng tiếng Việt hoặc tiếng Anh để bắt đầu bài học:

1. Bạn có nhận được tiền tiêu vặt từ bố mẹ không? Bạn thường dùng số tiền đó vào việc gì? (Do you receive pocket money from your parents? What do you usually spend it on?)
2. Theo bạn, tiết kiệm tiền có quan trọng không? Tại sao? (In your opinion, is saving money important? Why?)
3. Bạn nghĩ trẻ em có nên được trả tiền khi làm việc nhà không? (Do you think children should be paid for doing household chores?)

I. READING PASSAGE**How an Allowance Helps Children Learn About Money**

Many children first learn the value of money by receiving an allowance. An allowance is a regular amount of money that parents give to their children. Experts say this is a good way to teach children about budgeting, saving, and making choices.

First, an allowance helps children understand the three main uses of money: spending, saving, and sharing. When children get their money, they can choose to buy small things they want immediately. However, if they spend all their money quickly, they must wait until the next week or month. This teaches them the importance of budgeting in a practical way.

Second, allowances encourage children to save. By saving a small part of their money every week, they can buy more expensive items later. Parents can also help children open a savings account at a bank. This is a great way to show them how money can grow over time.

Finally, there is a discussion about chores. Many experts think that parents should not pay children for doing regular household work, like cleaning their bedrooms. They believe that chores are a normal part of family life. Instead, parents can pay for extra work to show children how a business operates.

II. IELTS READING QUESTIONS (13 QUESTIONS)

Questions 1–5: Choose the correct letter, A, B, C, or D, for questions 1–5.

1. What is the main purpose of giving children an allowance?
 - A. To help them pay for school fees.
 - B. To teach them how to manage money.
 - C. To make them do more chores.
 - D. To encourage them to work at a bank.

2. What are the three main uses of money mentioned in the text?
 - A. Shopping, traveling, and working.
 - B. Spending, saving, and sharing.
 - C. Earning, budgeting, and buying.
 - D. Cleaning, sharing, and studying.
3. What happens if children spend all their allowance too quickly?
 - A. Parents will give them more money immediately.
 - B. They have to wait until the next allowance.
 - C. They must open a bank account.
 - D. They have to do extra chores.
4. According to some experts, why shouldn't parents pay children for regular chores?
 - A. Because chores should be a natural part of family life.
 - B. Because children do not clean very well.
 - C. Because banks do not allow children to have money.
 - D. Because children should only study at school.
5. What can be inferred about saving money from the third paragraph? (*)
 - A. Children can only save money if they have a bank account.
 - B. Saving teaches children to be patient to reach a bigger goal.
 - C. Banks always give a lot of free money to children.
 - D. It is impossible to buy expensive things without a bank.
